## RESEARCHERS

Local researcher volunteers will give 30 minutes of time to research information located in the Montgomery County Library Genealogy Room. Additional time needed to research data outside of the Genealogy Room may be billed per an agreement with the research volunteer.

Please include the surname to be researched in the subject line of your e-mail and list the specific information you want the volunteer to research in the text of your e-mail. If you know them, please provide full names and birth, marriage or death dates of the individuals you are researching. The more information we receive, the easier it will be to complete your request. We will make every attempt to complete your request in a timely manner. If we need further information we will contact you.

Written requests can be mailed to:
