Some 26 years ago I was in contact with Jo Ann Freeman who did an excellent job for me in finding ancestors from the Republic of Texas from Montgomery County, TX. I noticed that her name is on your In Memorium list and I am sure you all are sad and miss her. She loved genealogy and did wonderful work for me including finding the original marriage certificate from 1841 of my great-great-grandparents. Jo Ann sent me copies of a number of documents and indicate the books and pages that she got the info from but I would like to reference these a little better by knowing the repositories of these documents. I would like to see if it would be possible to get some help with this. I paid Jo Ann for her help and would be interested in paying for this help -Thanks, Lance Riley

Jon Wilkins

Hell, my name is Jon Wilkins. I am posting this because I never knew who my great grandfather was but I have a decree of bastardy from 1894. The name listed as my great grandfather was William A Reed. My father was long told that he formed a tool company in Texas and then in the 1980's my father and his siblings received a very suspicious call saying they needed to look in Texas. They didn't have the spare money at the time so they didn't investigate it. Since we were always told that my great grandfather founded a tool company in Texas I looked up Reed Tool co and saw that it fit the spelling and time frame. If anyone wanted to help me with this it would be greatly appreciated. Jon Wilkins (740)617-7824

I seek to communicate (postal or email) with anyone currently researching the Elijah and Mary Stark COLLARD line. I already have photocopies of the articles in the Montgomery County history book (pages 232-233) and have previously visited the gravesites at the Gourd Creek Cemetery. My Oregon COLLARD line is from Elijah's nephew.

Hi y'all...I have an ongoing genealogy issue or issues. I have been unable to verify the Spring, Montgomery County birth of my paternal great great grandmother. Her maiden name, Mary Emmaline "Mollie" Whitehead, born about 1854. She married W.L. "Bob" Morehead in 1868 or 1869. I do not know her parents names but do have one "suspect" as either father or grandfather, Nicholas Whitehead who came to Texas in 1825, born in 1795 per empresario "Roster of F Families" found at Texas General Land Office. He fought at San Jacinto and was awarded bounty land for that. I have only 3 reasons that he is a "suspect"...surname same as Mollie's maiden name, g given name same as Mollie's second born son, Nick or N Nichols or Nicholas Morehead, and he was in Texas when she was born. Her first husband, my gggrandgathar is also somewhat of of a mystery too but supposedly died New Years Eve 18 1873 by drowning or pneumonia from near drowning and is buried in a marked grave on the banks of the San Ja Jacinto River between Spring and Humble. I have been un unable to confirm that, too. Mainly, I need to co confirm her birth and track down her parentage. thanks for any help at all

I'm the editor of the April Sound Community News, monthly publication of the April Sound Property Owners Association. I'm in the process of researching the history and geography of the land occupied by April Sound, the cemeteries located there (Matthews, Smith, Saddler), and any other information that would be interesting about the area before April Sound. I hope to begin a series of articles in the January, 2016 issue.

I am the President of the Tamarac Pines Resident Association and as a project we would like to find out if some old foundations found in our development are those from the long vanished Grogans Mill Village. They are located in a wooded area in the middle of our parking lot and may be the remains of a church or school that was erected in the early 20th century to serve the mill workers and then abandoned when the mill closed. Do you have any historical maps of the area around Tamarac Park or any old photographs of the village or do you know where some might be found?. Any help that you can offer will be greatly appreciated. If these old foundations are indeed a remainder of a building from the Village the Tenants Association would like to somehow acknowledge and celebrate the fact. Thank you for your kind attention in this matter. I can be reached at the above email address or at 561 376-0752. Donald G.

I am looking for the burial place of Sarah Frances "Sallie" (Smith) Armer. She died 8 Dec 1906 in Conroe. Her will was probated in 1908 and states that she and her husband Joe Armer had a homestead of 100 acres in the Lem Smith survey (or bought from Lem Smith.) I believe that is near Cut And Shoot. After Sallie's death, Joe and their eight children moved to Houston. If nothing more, I would like to know possible burial places during that time and place. Thank you and I miss the wildflowers in Texas!

I would like to know how people would come to America from Germany in 1867? Did everyone have to come through Ellis Island? The info I have, says they Mary and August Geisler came from Hambuug, Germany and I found them in Janesville, Wisconsin upon the birth of their first child, Frank. Did they enter through the Great Lake region? I do not know the ship's name or actually when they came over, so I do not know where to go from here? I have all the info from Wisconsin to Oklahoma but I want to know where they originated from? THANKS

I'm interested in finding a picture that anyone might have of a house in New Caney that I lived in when I was a child. It was an old two story house owned by Mr. Lube Casey. Mr Casey also owned a drygood store in New Caney. I think his initials was L. A. Casey. The old house is no longer standing. His son, Frank Casey, tore the house down and built himself one on the property. I was 5 when we moved from the house (around 1951) but I have so many sweet memories of it, but for some reason we do not have any pictures of the house itself. If anyone has a picture of the house, I would pay for a copy of it.
